

CHEMAXON'S DIRECTIONS

ChemAxon around the Globe

Presence in: 35 countries

No of clients: more than 300

No of users: over 300 000

Presence on the Market - Industries We Serve

Market share: 50% Pharma

Oil & Gas

Agrochemical

Academia/
Research
Institutes

Biotech &
CROs

Publishers &
Catalogue co.

OUR DIRECTIONS

Our Motivation

To provide **solutions** that **chemists** and **biologists**
love to use

Access to the Biomolecule-based Life Science Research

Market trends:

- 82% of drug developing companies are doing research on developing biological therapeutics
- 60% of R&D budget is spent on Biologics development

Large molecule
handling and editing

Released ChemAxon products
Biomolecule Toolkit & BioEddie **NEW!**

Marvin to Become the Best Chemical Editor

Desktop:

MarvinSketch has publication quality

NEW!

chemistry journals

patent applications

white papers

internal reports

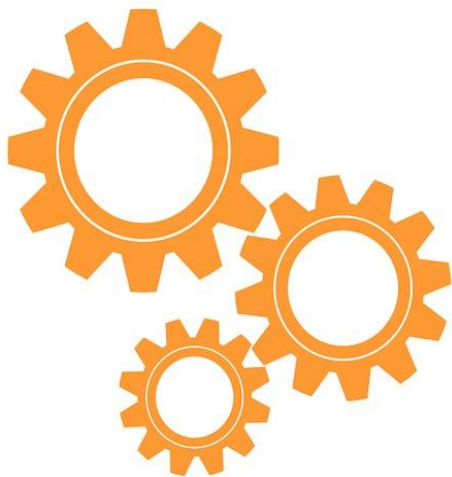

Web:

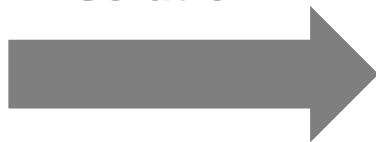

Marvin JS is a fast, chemically intelligent browser component

From Desktop to Web-based Solutions

Toolkits

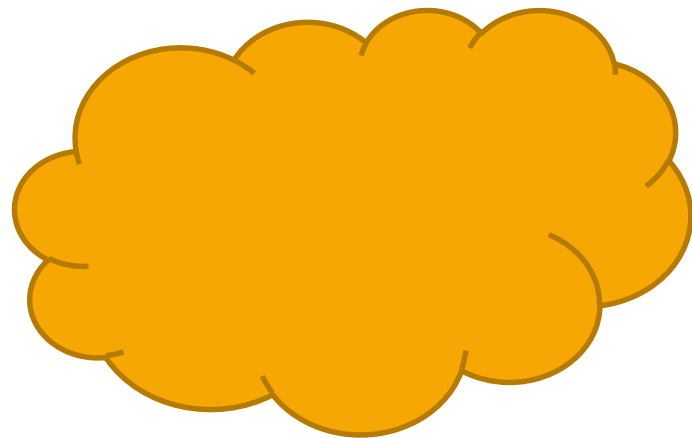

Integration for
web based
solution

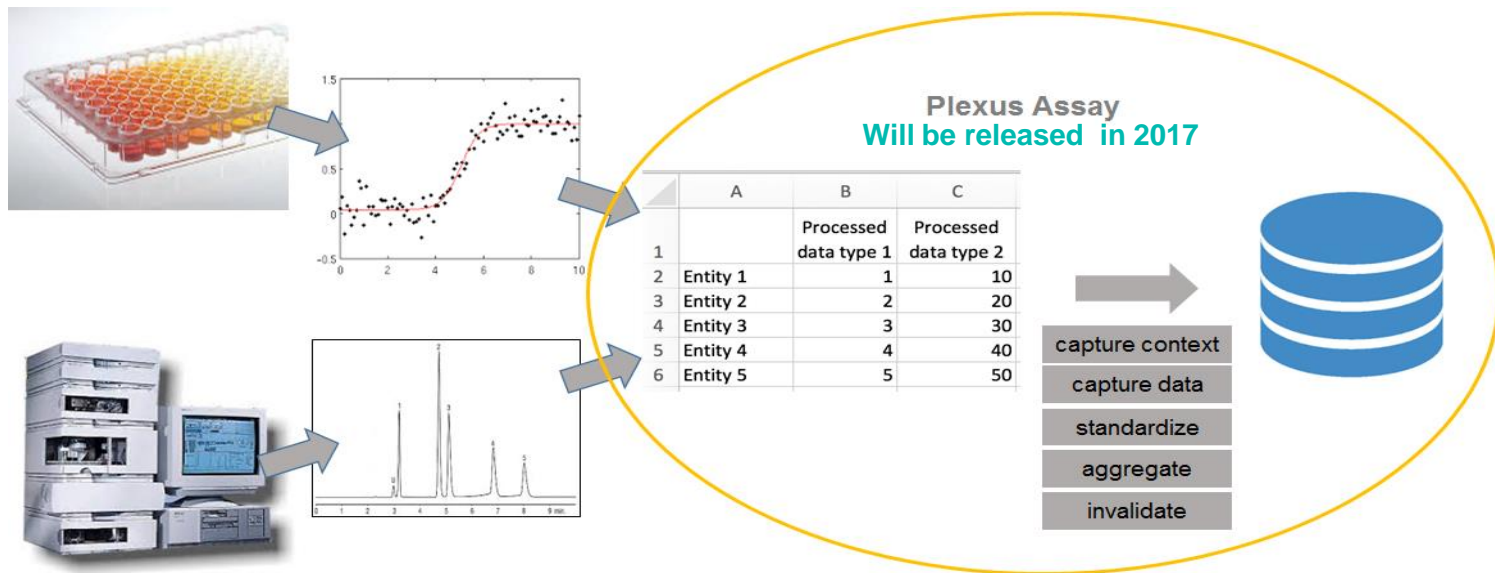

Plexus Suite

Hosted

Develop new functionalities in web-based tools and add new solutions to Plexus Suite – Plexus Assay

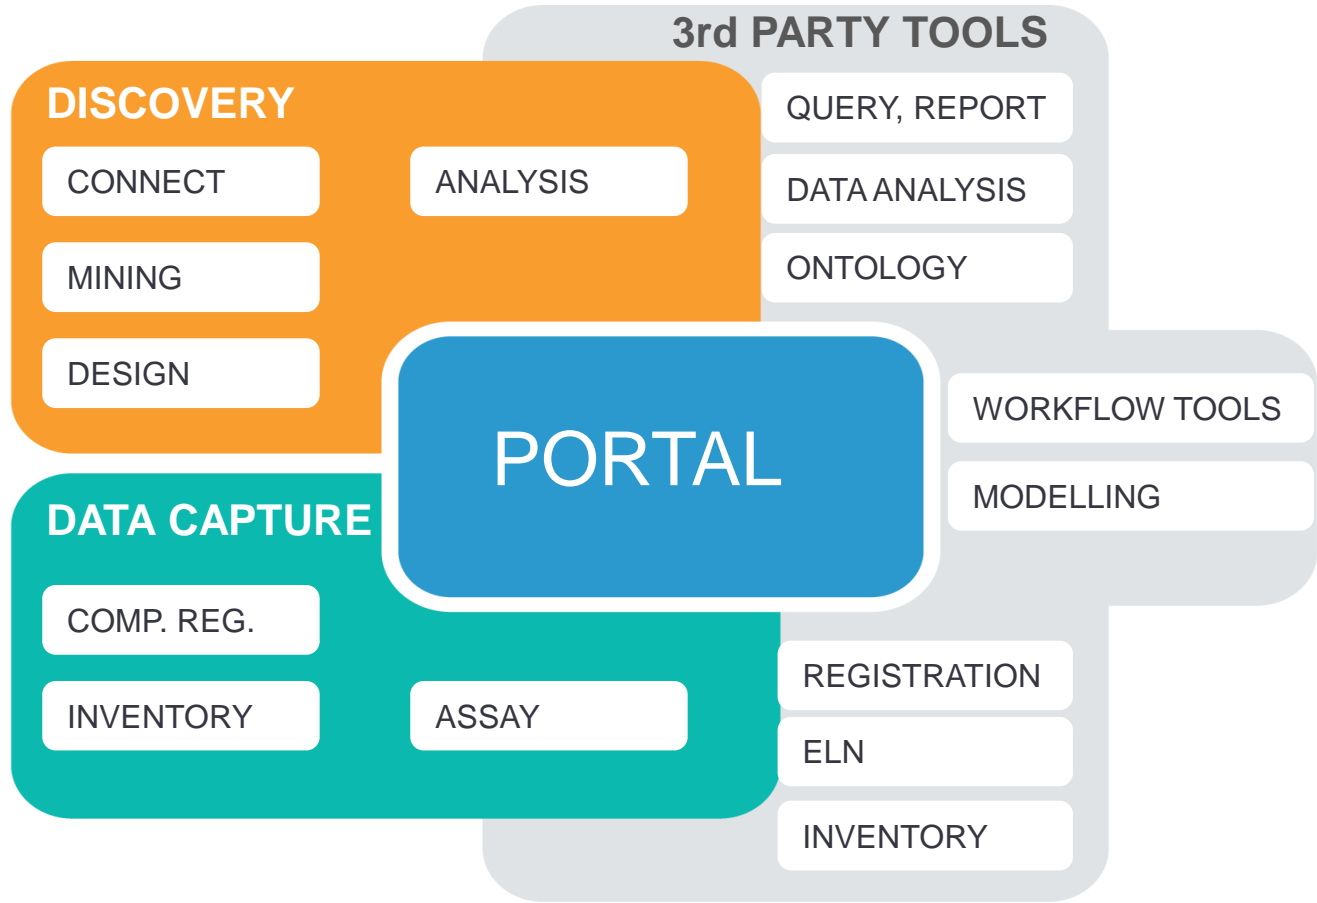

Integration with Partners

- Extensive collaboration with ELN providers
- Further Marvin Live development for other third party tools integration
- Plexus Suite collaborations

Portfolio Roadmap - Plexus as Platform

THANK YOU
